

Simple Transfer Guide - printable

To transfer an eBook from your desktop computer to your device:

1. Connect your eReader device to your computer.
2. Select and download an eBook to Adobe Digital Editions.
3. Open Adobe Digital Editions. A link for your device should appear under the section "Bookshelves." Select the title you would like to transfer.
4. Drag and drop the Adobe eBook to the link for your device under "Bookshelves."
5. A dialog box should open up and the title will be transferred.
6. Once the transfer is complete, the dialog box will close and the title will be on your eReader. Disconnect your eReader and you are ready to go!
