Program runs from June 1 to August 15
Now entering its seventh year, Get Outdoors (GO) Lebanon! continues to encourage Lebanon County children and families to read and be physically active during the summer months. This summer, WellSpan Health and Lebanon County Library System are excited to partner in encouraging you to GO and Dive Deep! Exploring the ocean is about making discoveries and searching for things that we see or find in the water. There is one world ocean, divided into five main areas, because oceans have no borders. Oceans are important to life on Earth, as they provide us with food, minerals, oils, and natural gas. By learning about the oceans, we can learn to take care of them and help curious kids find out more about ocean life. As you venture out this summer on the hikes, enjoy learning about the many wonders of the oceans.

This summer, GO Lebanon! helps you explore the Oceans of Possibilities while you search for fifteen “anchors” – wooden marker posts with a unique etching attached – that are hidden in various local and state parks. Take this Wayfinder, along with the rubbing sheets you received at any Lebanon County Library, and GO and Dive Deep! When you find the anchor, you will see the unique etching, along with a 4-digit code. Make sure you remember this code (take a picture, write it down, etc.) and don’t forget to enter it into the Beanstack app to earn credit for your hike. If you choose to do the rubbing on your rubbing sheet, please be sure to follow social distancing practices and sanitize your hands afterward. Rubbing sheets will not be collected, so they are yours to keep. But remember — to receive credit for your hikes, you must enter the codes online in the Beanstack app. See the Rewards and Prizes page in this book (page 24) for details. Also, don’t forget to check out the GO Lebanon! website at www.golebanon.org for additional information including recommended library books, Pearls of Wisdom, outdoor safety tips, and more.

In addition to “finding anchors” you can Dive Deep! by visiting any Lebanon County Library, checking out and reading a few books about coral reef, crabs, jellyfish, narwhals, orcas, and sunken treasure. Reading this summer will improve your reading and learning abilities! Visit a Lebanon County Library to get your Summer Learning Program materials and start earning points toward great prizes! More information can be found at www.lclibs.org.

Make sure you read pages 20–23 for information on using the Beanstack app. Now Get Outdoors, have fun, and Dive Deep!

What is Letterboxing?
GO and Dive Deep! is based on the outdoor hobby of letterboxing. Hikers once hid letters or postcards in a box along a trail. The next person to find the box would then collect and mail those postcards. Today, people leave a unique stamp and logbook in letterboxes. The finder then stamps their personal logbook and also leaves their own personal stamp, if they have one. Again, this year, we are using a unique picture located on a post that you must rub to record your find.

Things to Remember:
Every outdoor activity, including letterboxing, has some risks and dangers. You could get hurt, meet up with wild animals and bugs, and touch poisonous plants. Here are a few reminders as you hunt for anchors with other GO Lebanon! kids this summer:

- Be familiar with the area where you are headed before getting there.
- Make sure to follow all of the posted park rules.
- Be respectful of the environment and of others around you.
- Never hike alone! If you are heading out with a friend, always make sure a responsible adult knows where you will be.
- Always lock your vehicle and secure any valuables.
- Wear clothing that is loose-fitting, lightweight, and light-colored to protect your skin from the sun and to keep you cool.
- Lather up with sunscreen – keep your skin healthy for years to come.
- Bring plenty of water with you and make sure you drink it even if you don’t feel thirsty.
- If it is really hot outside, bring extra water along, walk slower, and take more breaks.
- Seek safe shelter if the weather gets dangerous, or if you hear or see any storms nearby.
- Step carefully over and around fallen logs and branches, rocks, roots, and other things lying on the ground.
- Poisonous plants – poison ivy, poison oak, or poison sumac – may grow near an anchor or along a trail. Know what each looks like and watch out for them.
- Spiders, insects, snakes, or other critters may visit the same places where anchors are hidden. Be careful where you step and where you reach.
- Mosquitoes, black flies, or other annoying bugs may bother you. Make sure to wear bug repellent spray or other products to keep them away.
- Always check to make sure that you are not taking any bug friends home with you.
- Be careful around ponds, lakes, rivers and streams. Don’t swim alone.

Finding GO Lebanon! Anchors

- One sand dollar = It’s easy. You must walk a short distance on fairly level ground.
- Two sand dollars = It’s a little harder. You must either walk a long distance on fairly level ground, or a short distance with some hills.
- Three sand dollars = It’s tough. You must walk a long distance with many hills and obstacles.

Distances to all anchors were measured using a GPS-enabled smartwatch. All distances are roundtrip, unless otherwise noted, based on following the clues as written from starting point to the post and returning to the starting point.
**CORAL REEF**

**Distance:** 0.50 miles  
**Dog Friendly:** Yes  
**Restrooms:** Yes  
**Stroller Friendly:** Yes  
**Playground:** Yes  
**Location:** Ironwood Park

**ANCHOR CLUES:**
- From the parking area, turn right and walk past the basketball court and around the backside of the pavilion.
- Pass the playground and continue to the trail on your right near the chain link fence.
- Continue straight at the next intersection to find the post.
- To return to your vehicle, continue in your current direction.

**RECOMMENDED BOOKS:**
- *Life in a Coral Reef* by Wendy Pfeffer
- *Over In the Ocean: In a Coral Reef* by Marianne Collins Berkes
- *Coral Reefs: Cities of the Ocean (Graphic)* by Maris Wicks
- *What Lives in Coral Reefs?* by Oora Gaarder-Juntti

**PEARLS OF WISDOM:**
- Coral reefs can be divided into three types: fringing (close to shore), barrier (further out to sea) and atolls (mistaken for islands because of their size).
- Coral needs sunlight to grow, which is why they are often in shallow water and in a tropical sea (the water is warmer and clearer).
- Some of the reefs in Australia (Great Barrier Reef) are between 5,000 and 10,000 years old, includes 900 smaller reefs and covers 2,600 miles crossing 500 islands.

**YOUR ANCHOR SHOULD LOOK LIKE THIS:**

For more information about this anchor, books to read, or directions to the parks, visit [WWW.GOLEBCOUNTY.ORG](http://WWW.GOLEBCOUNTY.ORG).

Don't forget to enter the code from this rubbing post in Beanstack! See p. 20.
ANCHOR CLUES:

- Turn left onto the trail then follow the trail straight past the signs.
- Continue to the first intersection and turn left to carefully cross Lincoln Avenue at the crosswalk.
- Follow the trail alongside Wilhelm Avenue and continue to the rail trail entrance on the left.
- Keep left at the top of the hill and follow the trail approximately ½ mile to the post near the post and rail fence.
- To return, turn around and retrace your steps.

RECOMMENDED BOOKS:

- Crustaceans: Crabs, Crayfishes, and Their Relatives by Beth Blaxland
- Clumsy Crab by Ruth Gallaway
- A House for Hermit Crab by Eric Carle
- Don’t Worry, Little Crab by Chris Haughton

PEARLS OF WISDOM:

- Crabs can walk in all directions, but mostly walk and run sideways.
- Female crabs release 1,000-2,000 eggs at one time.
- The Japanese spider crab is the world’s largest crab, measuring 12 to 13 feet across.

YOUR ANCHOR SHOULD LOOK LIKE THIS:

For more information about this anchor, books to read, or directions to the parks, visit www.golebcounty.org.

Don’t forget to enter the code from this rubbing post in Beanstack! See p. 20
**ANCHOR CLUES:**
- Follow the trail to the left of the pavilion and past the benches.
- Locate the gravel trail beyond the playground and follow it downhill toward the water.
- The post is along the trail at the bottom of the hill.
- To return to the parking area, continue in your current direction.

**RECOMMENDED BOOKS:**
- *Jellyfish* by Meryl Magby
- *Peanut Butter and Jellyfish (Fancy Nancy)* by Jane O’Connor
- *I Am Not a Fish* by Peter Raymundo
- *Jellyfish* by Melissa Gish

**PEARLS OF WISDOM:**
- Jellyfish have roamed the seas for at least 600 million years (even before dinosaurs).
- They have no brains, no blood, no bones, and no heart.
- Tunas, sharks, swordfish, sea turtles and even some salmon are the jellyfish’s natural enemies.

**JELLYFISH**

For more information about this anchor, books to read, or directions to the parks, visit [WWW.GOLEBCOUNTY.ORG](http://WWW.GOLEBCOUNTY.ORG).

Don’t forget to enter the code from this rubbing post in Beanstack! See p. 20

**Lighthouse**

**DIFFICULTY:** HARD

**Distance:** 1.00 miles  
**Dog Friendly:** Yes  
**Playground:** No  
**Restrooms:** Yes  
**Stroller Friendly:** No  
**Location:** Clarence Schock Memorial Park at Governor Dick

**ANCHOR CLUES:**
- Look for the Interpretive Trail entrance to the left of the nature center.
- Take the Interpretive Trail to the first trail on the right and follow this trail a short distance to the T intersection at Trail 4.
- Make a left and follow Trail 4 uphill to the first trail coming in from your right. This is a non-blazed bouldering trail, but very noticeable.
- Continue on this main trail, trending downhill then keep right at the first trail intersection, where you will find the post.
- To return to your vehicle, continue on the main trail downhill until the trail T’s into Trail 15.
- Make a right on Trail 15 and continue straight to the road.
- Make a right to return to the parking area.

**RECOMMENDED BOOKS:**
- *The Little Red Lighthouse and the Great Gray Bridge* by Hildegarde Hoyt Swift
- *Beacons of Light: Lighthouses* by Gail Gibbons
- *Keep the Lights Burning, Abbie* by Peter Roop
- *Hello Lighthouse* by Sophie Blackall

**PEARLS OF WISDOM:**
- The first lighthouse in America was at Boston on Little Brewster Island in 1716.
- The oldest existing lighthouse in America (never rebuilt) is Sandy Hook, NJ, which is still in operation. It was built in 1764.
- There are more than 21,600 lighthouses worldwide and some are still in use today.

For more information about this anchor, books to read, or directions to the parks, visit [WWW.GOLEBCOUNTY.ORG](http://WWW.GOLEBCOUNTY.ORG).

Don’t forget to enter the code from this rubbing post in Beanstack! See p. 20
**Narwhals**

**Distance:** 1.47 miles

**Restrooms:** Yes

**Location:** Stoever’s Dam

**Anchor Clues:**
- Follow the trail to the right toward the theater and around the lake.
- Carefully cross the road and continue following the trail around the lake.
- The post is before the cemetery.
- To return to your vehicle, continue following the trail in your current direction.

**Recommended Books:**
- Narwhals by Jessie Alkire
- Narwhal On a Sunny Night by Mary Pope Osborne
- Narwhals and Other Whales by Mary Pope Osborne
- Narwhal: Unicorn of the Sea (and series) by Ben Clanton

**Pearls of Wisdom:**
- Narwhals are called the “unicorns of the sea” because of their large tusks, but they actually belong to the whale family.
- They change color as they grow older - babies are blue-gray, young narwhals are blue-black, adults are grey and old narwhals are almost completely white.
- Only male narwhals have a tusk, and some may even grow a double tusk, which can be up to 9 feet long and weigh more than 22 pounds.

**Octopus**

**Distance:** 0.90 miles

**Restrooms:** Yes

**Location:** Lion’s Lake

**Anchor Clues:**
- From the parking area, turn right and follow the trail away from the lake and toward the baseball field.
- Turn left at the intersection and walk toward the playground.
- Turn right at the bench and follow the trail around the parking area and next to the lake.
- The post is nearby.
- To return to your vehicle, continue in your current direction.

**Recommended Books:**
- The Lighthouse Family: The Octopus by Cynthia Rylant
- Octopus Under the Sea by Connie Roop
- Somewhere in the Ocean by Jennifer Ward
- I’m The Biggest Thing In The Ocean by Kevin Sherry

**Pearls of Wisdom:**
- The giant Pacific octopus is the largest and the Octopus Wolfi is the smallest octopus in the world.
- They do not have bones in their arms or body, which makes them super flexible. One of the suckers on an octopus can lift objects as heavy as 35 pounds.
- A large octopus can slip inside a small bottle, like a water bottle, and bend into small places such as between rocks, allowing them to hide from their enemies.
ANCHOR CLUES:

- Follow the paved trail to the right of the park map downhill.
- At the bottom of the hill, turn right for the Moonshine Trail and continue past the Portage Trail on your right.
- Turn right at the bottom of the hill for the Swatara Rail Trail and follow it until you reach the bridge, where you will find the post.
- To return to the parking area, turn around and retrace your steps or follow the Portage Trail uphill and keep left at the top of the hill.
- At the next intersection, turn left and follow the trail uphill.

RECOMMENDED BOOKS:

- *Tacky the Penguin* (and series) by Helen Lester
- *Mr. Popper’s Penguins* by Richard Atwater
- *If You Were a Penguin* by Wendell Minor
- *The Lighthouse Family: The Whale* by Cynthia Rylant
- *Operation Orca* by Ron Roy
- *I Wish I Was an Orca* by Sandra Markle
- *Baby Whales Drink Milk* by Barbara Esbensen

PEARLS OF WISDOM:

- Penguins are flightless birds but can swim at speeds over 10 miles per hour.
- An emperor penguin dove down an amazing 1,850 feet, requiring great lung capacity.
- They can drink seawater as a gland above their eye removes the salt from their bloodstream, which then comes out through their bill or by sneezing.

**ORCA**

Distance: 0.72 miles
Dog Friendly: Yes
Stroller Friendly: Yes
Playground: No
Restrooms: No
Location: North Londonderry Township Trails

**PENGUIN**

Distance: 2.12 miles
Dog Friendly: Yes
Stroller Friendly: Yes
Playground: No
Restrooms: Yes
Location: Swatara State Park (Trout Run Trail)
ANCHOR CLUES:

• From the lower parking area, locate the Woodland Trail to the left of the lake and the restrooms.
• Follow the trail to the boat launch and follow the parking area to the left of the restrooms.
• Follow the grassy trail to the right to the picnic area where you will find the post.
• To return to your starting point, turn around and retrace your steps or continue in your current direction and follow the trails around the lake.
• While you are here, check out the boat rentals for a family excursion on the water.

RECOMMENDED BOOKS:

• Stanley, Flat Again by Jeff Brown
• Starlight Sailor by James Mayhew
• Hugo the Lifesaving Sailor by Lorette Broekstra
• Adventure According to Humphrey by Betty Birney
• Poppleton Every Day by Cynthia Rylant

PEARLS OF WISDOM:

• A sailboat has two primary sails – a mainsail and a headsail or jib, to help them move through the water.
• A 16-year-old girl from Australia was the youngest person to sail around the Southern Hemisphere unassisted.
• The fastest sailing speed ever on record is over 75 mph.

SAILBOAT

Distance: 1.3 miles  
Dog Friendly: Yes  
Restrooms: Yes  
Stroller Friendly: No  
Location: Memorial Lake State Park

For more information about this anchor, books to read, or directions to the parks, visit WWW.GOalebCounty.ORG.

Don’t forget to enter the code from this rubbing post in Beanstack! See p. 20

SEA TURTLE

Distance: 0.86 miles  
Dog Friendly: Yes  
Restrooms: Yes  
Stroller Friendly: No  
Location: Coleman Memorial Park

For more information about this anchor, books to read, or directions to the parks, visit WWW.GOalebCounty.ORG.

Don’t forget to enter the code from this rubbing post in Beanstack! See p. 20
ANCHOR CLUES:
• From the main parking area, walk toward Fairlane Avenue.
• Turn left and follow the paved trail.
• Carefully cross Sterling Drive and continue following the trail toward the basketball court, where you will find the post.
• To return to your vehicle, continue in your current direction, then turn left at the intersection.

RECOMMENDED BOOKS:
• There Was an Old Lady Who Swallowed a Shell by Lucille Colandro
• Old Shell, New Shell: A Coral Reef Tale by Helen Ward
• The Shell Book by Barbara H. Lember
• Seashore by Lucy Beckett-Bowman

PEARLS OF WISDOM:
• Seashells are mobile homes for mollusks, which have no rigid backbone, so the shell helps defend them from predators.
• Argonauts are the only known octopi that have a shell, but they can leave it for short periods of time.
• Two major shell shapes are the smooth, round design and the ones that are loaded with spiky and uneven surfaces, which help them defend themselves.

SEAGULL
Distance: 1.13 miles
Restrooms: Yes
Location: South Hills Park

ANCHOR CLUES:
• Follow the trail to the left, then go straight at the first intersection to the left of the park signs.
• Follow the trail downhill, past the trees, and toward the basketball court.
• Continue on the trail toward the East Pavilion, then turn left.
• Pass the tennis courts, then turn right after the playground. The post you is nearby.
• To return to your vehicle, continue past the building and fitness stations.
• Turn right at the trail intersection and continue past the ball fields.
• Turn left at the next trail intersection near the playground and continue back to the parking area.

RECOMMENDED BOOKS:
• A Day at Seagull Beach by Karen Wallace
• Curious George Goes to the Beach by Margret Rey
• On Gull Beach by Jane Yolen
• Sea Gulls in the Sky by Elliot Monroe

PEARLS OF WISDOM:
• Seagulls are very clever; learning, remembering, and passing on behaviors, like stamping their feet to imitate rainfall, to trick earthworms to come out.
• The average lifespan for a seagull is 10-15 years in the wild, but some have lived up to 30 years.

SHELL
Distance: 0.56 miles
Restrooms: Yes
Location: Fairlane Avenue Park

ANCHOR CLUES:
• From the main parking area, walk toward Fairlane Avenue.
• Turn left and follow the paved trail.
• Carefully cross Sterling Drive and continue following the trail toward the basketball court, where you will find the post.
• To return to your vehicle, continue in your current direction, then turn left at the intersection.

RECOMMENDED BOOKS:
• There Was an Old Lady Who Swallowed a Shell by Lucille Colandro
• Old Shell, New Shell: A Coral Reef Tale by Helen Ward
• The Shell Book by Barbara H. Lember
• Seashore by Lucy Beckett-Bowman

PEARLS OF WISDOM:
• Seashells are mobile homes for mollusks, which have no rigid backbone, so the shell helps defend them from predators.
• Argonauts are the only known octopi that have a shell, but they can leave it for short periods of time.
• Two major shell shapes are the smooth, round design and the ones that are loaded with spiky and uneven surfaces, which help them defend themselves.

Don’t forget to enter the code from this rubbing post in Beanstack! See p. 20
**SUNKEN TREASURE**

**Anchor Clues:**
- From the parking area, follow the sidewalk/road toward the park entrance (Heisey Road) and turn right at the first intersection.
- Continue downhill, then turn left on Spicebush Trail.
- Cross the large boardwalk, then turn right at the intersection and follow the pink blazes.
- Before the stairs, stay left and continue following the pink blazes.
- At the trail intersection, continue straight to stay on Spicebush Trail.
- The post is nearby.
- To return to your vehicle, continue in your current direction.
- Follow the trail toward the left and toward the tan building.
- Retrace your steps from here, past the stadium and toward the tennis courts, to arrive at the parking area.

**Recommended Books:**
- *The Search for Sunken Treasure* by Geronimo Stilton
- *The Treasure* by Susan Yost-Filgate
- *We're Going on a Treasure Hunt* by Kelly DiPucchio
- *Windcatcher* by Avi

**Pearls of Wisdom:**
- There are over $771 trillion worth of gold in sunken treasures in the ocean, but good luck getting it.
- There are more than 3 million shipwrecks on the ocean floor, but Lake Superior in Michigan has the most shipwrecks, compared to its size.

**Distance:** 1.06 miles  
**Dog Friendly:** Yes  
**Stroller Friendly:** No  
**Playground:** No  
**Restrooms:** Yes  
**Location:** Middle Creek Wildlife Management Area

---

**STARFISH**

**Anchor Clues:**
- From the parking area, walk south toward the tennis courts.
- Turn left and head toward the stadium.
- At the second intersection, turn right and follow the sidewalk between the tennis courts and the athletic field.
- Continue behind the scoreboard near the pedestrian bridge and toward the tan building.
- Follow the sidewalk past the front of the tan building, over the bridge, and then turn left at the first intersection, where you will find the post.
- To return to your vehicle, continue in the direction of the red barn.
- Follow the trail toward the left and toward the tan building.
- Retrace your steps from here, past the stadium and toward the tennis courts, to arrive at the parking area.

**Recommended Books:**
- *Stephanie the Starfish Fairy* by Daisy Meadows
- *Starfish* by Lisa Fipps
- *Starfish: Stars of the Sea* by Connie Roop
- *Sea Stars* by Jason Cooper

**Pearls of Wisdom:**
- They should be called sea stars; they have no brain and no blood (they use sea water to pump nutrients through their nervous system).

**Distance:** 1.04 miles  
**Dog Friendly:** No  
**Stroller Friendly:** Yes  
**Playground:** No  
**Restrooms:** No  
**Location:** Lebanon Valley College (North Campus)
PARK DIRECTIONS

All directions begin from Lebanon Community Library, 125 North 7th Street, Lebanon, PA 17046

Clarence Schock Memorial Park at Governor Dick (Lighthouse)
3283 Pinch Road, Mount Gretna, PA 17046
Hours: Dawn to dusk, unless otherwise posted http://www.parkatgovernordick.org/

Directions to Parking Area: Head south on North 7th Street toward Willow Street. Turn right on Cumberland Street and then left on 10th Street/PA-72. Turn right on Colebrook Road/PA-241 and then right on PA-117. Turn left on Pinch Road. The park entrance is on your left as you approach the top of the hill.

Cleona Community Park (Jellyfish)
251 South Garfield Street, Cleona, PA 17042
Hours: Dawn to dusk, unless otherwise posted http://www.cleonaobserver.org/parks.html

Directions to Parking Area: Head south on North 7th Street toward Willow Street. Turn right on the Cumberland Street, which becomes US-422 W. Turn left on Garfield Street, after passing In Gear Cycling and Fitness. Cross over Walnut Street and the parking area is located on the right.

Coleman Memorial Park (Sea Turtle)
1400 West Maple Street, Lebanon, PA 17046
Phone: 717-272-7271
Hours: 7am to dusk, unless otherwise posted http://www.colemanmemorialpark.com

Directions to Parking Area: Head south on North 7th Street then turn right into Willow Street. Turn right onto North 9th Street. Turn left onto Maple Street/PA-72. After Turkey Hill, turn left onto Bashore Drive. Follow Bashore Drive to the parking area on the left near the playground.

Fairlaine Avenue Park (Shell)
41 South Fairlaine Avenue, Myerstown, PA 17067
Hours: Dawn to dusk, unless otherwise posted http://jacksonstowship-pa.gov/recreation.html

Directions to Parking Area: Head north on North 7th Street toward Lehman Street. Turn right onto Lehman Street and continue east to 11th Avenue. Turn right on 11th Avenue and then turn left on East Old Cumberland Street. Turn right on King Street and continue approximately 3.5 miles. Turn left onto South Fairlaine Avenue. Continue past the first drive on the right then park at the top of the hill on the right for the main parking area.

Ironwood Community Park (Coral Reef)
South 14th Street, Lebanon, PA 17042
Hours: Dawn to dusk, unless otherwise posted https://ntp.south-lebanon.pa.us/1239/Ironwood-Park---S-14th-Avenue

Directions to Parking Area: Head south on North 14th Street. Turn left on Walnut Street/422-East. Continue to East Old Cumberland Street/King Street. Turn right South 14th Street. Turn left into parking area.

Lebanon Valley Rail Trail — Wilhelm Avenue at South Hills Park (Crab)
1100 South Lincoln Avenue, Lebanon, PA 17042
Hours: Dawn to dusk, unless otherwise posted http://www.hvrailtrail.com/

Directions to Parking Area: Head south on North 7th Street toward Willow Street. Continue straight through 1st traffic light and then stay in left lane at 2nd traffic light. Make a right on Cumberland Street and then a quick left to remain on 7th Street. Turn left on Walnut Street and continue 0.5 miles. Turn right on Lincoln Avenue and continue past two traffic lights and one stop sign. Park on the left after the stop sign.

Lebanon Valley College (Starfish)
101 N College Avenue, Annville, PA 17003
Hours: Dawn to dusk, unless otherwise posted http://www.lvc.edu/life-at-lvc/fitness-recreation/lvc-sports-center/

Directions to College Parking Area: Follow 7th Street toward Cumberland St/US-422 W. Stay on US-422 W for 5 miles. Turn right on PA-934 at the traffic light. Pass the main campus on the right and continue under the pedestrian bridge. Turn right on Halsey Road then make your first right for red parking area.

Lion's Lake Park (Octopus)
2092-2086 New Street, Lebanon, PA 17046
Hours: Dawn to dusk, unless otherwise posted http://www.northlebanontwp.ppa.gov/lionslake.php

Directions to Parking Area: Follow Willow Street west toward North 9th Street. Turn right on North 9th Street and continue approximately 3.8 miles. Turn left onto South Fairlaine Avenue. Continue past the find the first drive on the right then park at the top of the hill on the right for the main parking area.

Memorial Lake State Park (Sailboat)
18 Boundary Road, Grantville, PA 17028-9682
Hours: Dawn to dusk, unless otherwise posted http://www.dcnr.state.pa.us/stateparks/findpark/memoriallake/

Directions to Parking Area: Head south on North 7th Street and then make an immediate right onto Willow Street. Turn right on 9th Street/PA-72 North, and then left on Maple Street/PA-72 North. Continue on PA-72 North for approximately 7 miles. Turn right onto Route 22-W ramp and continue for approximately 2.7 miles. Turn right on Fort Indiantown Gap Road and continue to Route 934 intersection. Continue straight at STOP sign to Asher Miner Road. Bear left on Boundary Road and then pass the first two parking areas and turn left at Lower Parking Area.

Middle Creek Wildlife Management Area (Sunken Treasure)
100 Museum Drive, Stevens, PA 17578
Hours: (Trails) Dawn to dusk, unless otherwise posted; (Visitor’s Center) 8a-4p Tuesday to Saturday; 12p-5p Sunday; closed Monday http://www.portal.state.pa.us/portal/server.pt?open=514&objID=613318&mode=2

Directions to Parking Area: Head south on North 7th Street toward Willow Street. Turn left onto Walnut Street. Turn right onto South 5th Avenue/PA-897. Follow PA-897 for approximately 6 miles. Turn left onto PA-419 N/PA-897. Turn right onto Hopeland Road and continue approximately 1.5 miles and turn right onto Museum Drive.

North Londonderry Township Trails (Orca)
655 East Ridge Road, Palmyra, PA 17078
Hours: Dawn to dusk, unless otherwise posted http://www.nlondtpwp.com/about_twip/welcome/Amenities.html

Directions to Parking Area: Follow 7th St south toward Cumberland St/US-422 W. Stay on US-422 W for 9 miles. Turn right on N. Forge Rd. After approximately 1 mile, turn left on E. Ridge Rd. Turn right into the North Londonderry Township parking area. Make a right and follow the gravel road toward the recycling/compost site and walking trails. Park in the gravel parking area near the park map.

Snitz Creek Park (Deep Sea Diving)
Oak Street, Lebanon, PA 17042
Hours: Dawn to dusk, unless otherwise posted http://www.parkatgovernordick.org/

Directions to Parking Area: Follow 7th Street toward Cumberland Street (US-422 West). Stay on US-422 West approximately 0.5 miles to South 12th Street. Turn left on South 12th Street and proceed to Oak Street. Turn right on Oak Street and continue approximately 1.2 miles to the park on your left.

South Hills Park (Seagull)
1100 South Lincoln Avenue, Lebanon, PA 17042
Hours: Dawn to dusk, unless otherwise posted http://www.south-lebanon.pa.us/1237/South-Hills-Park

Directions to Parking Area: Head south on North 7th Street toward Willow Street. Continue straight through 1st traffic light and then stay in left lane at 2nd traffic light. Make a right on Cumberland Street and then a quick left to remain on 7th Street. Turn left on Walnut Street and continue 0.5 miles. Turn right on Lincoln Avenue and continue past two traffic lights and one stop sign. Park on the left after the stop sign.

Stoever’s Dam Park (Narwhal)
949 Miller Street, Lebanon, PA 17046
Hours: Dawn to dusk, unless otherwise posted http://www.lebanonpa.org/DepartmentOfAdministration/Pages/Recreation.aspx

Directions to Parking Area: Head north on North 7th Street and continue to Maple Street. Turn right on Maple Street and continue to Stover Street. Turn left on Stover Street and locate gravel parking area on the left.

Swatara State Park – Trout Run Trail (Penguin)
1450 Suedburg Road, Pine Grove, PA 17963
Hours: Dawn to dusk, unless otherwise posted http://www.parkatgovernordick.org/

Directions to Parking Area: Follow Willow Street west toward North 9th Street. Turn right on North 9th Street and continue toward PA-72 North. Follow PA-72 N past Route 22 entrance and Lindkale for approximately 12 miles. Pass the Pennsylvania State Police barracks and State Route 81 overpass. Continue to the Trout Run Trail Parking Area on your right.
**USING THE BEANSTACK APP**

**DIVE DEEP WITH BEANSTACK!**

**What is Beanstack?**
Beanstack is the website and mobile application that is used for logging your child’s reading and activities during Summer Learning Program. From this site, you can track your books and time spent reading, activities you’ve accomplished, and the GO Lebanon! anchors you’ve visited.

**Why should I use Beanstack?**
GO Lebanon! is digital! While you still have your physical rubbing sheets and booklets, we will be tracking everyone’s progress digitally through Beanstack, including our drawings for the five grand prize winners.

**What if I don’t have a phone or computer to log my anchors?**
That is perfectly fine! Call or visit any Lebanon County Library, and a staff member can log the anchor for you. Just have your rubbing sheet nearby so that staff can verify the anchor for you!

**Learn More**
For detailed instructions and video tutorials of using and accessing Beanstack, scan the QR code, or visit www.lclibs.org/go-lebanon-county/

---

**Getting Started on the Beanstack Tracker App**
1. Download the Beanstack Tracker App to your smart phone from the Google Play Store or the Apple Store.
2. Launch the app and press Let’s Go. A question will then appear asking how you want to use Beanstack. Select School, Library, or Bookstore.
3. Select Find a Site to search for our Beanstack site.

**Dive Deep with Beanstack!**

**What is Beanstack?**
Beanstack is the website and mobile application that is used for logging your child’s reading and activities during Summer Learning Program. From this site, you can track your books and time spent reading, activities you’ve accomplished, and the GO Lebanon! anchors you’ve visited.

**Why should I use Beanstack?**
GO Lebanon! is digital! While you still have your physical rubbing sheets and booklets, we will be tracking everyone’s progress digitally through Beanstack, including our drawings for the five grand prize winners.

**What if I don’t have a phone or computer to log my anchors?**

How to Log Your Park’s Anchors (Park Posts) in Beanstack

Congratulations! You’ve found one of the 15 anchors! Now you can digitally track your progress (and unlock virtual badges!) on Beanstack. You’ll need your rubbing sheet nearby to complete logging.

Follow these steps to track your progress on Beanstack:

1. Open your Beanstack Tracker app and log in.
2. Register for the GO Lebanon! Challenge.
   a. Tap the Discover icon from the bottom of the screen.
   b. Locate the GO Lebanon! Challenge and tap the Register button.
3. Tap the + (plus) button at the bottom of the screen to add to your log. Next, tap the Activity icon.
4. If you have multiple participants on one account, all names will appear. Select the name of the person you would like to log the activity for, and press Choose Reader.
5. The list of available activities will then appear.
6. Scroll to find the name of the anchor (park post) you just found. Using your rubbing sheet, find the secret code for this anchor (post) below the rubbing. Enter the secret code and save your answer.

7. Points and badges will be awarded to you as you identify more anchors!

Remember –

The more anchors (park posts) you identify, the more chances you’ll receive to win one of the five grand prizes! For more instructions on these steps, scan this QR code.
GO Lebanon! will again be digital! While you still have your physical rubbing sheets and booklets, we will be tracking everyone’s progress digitally through Beanstack (see pages 20–23), including our drawings for the five grand prize winners. All GO Lebanon! children who find a minimum of 3 different anchors between June 1 and August 15 will receive a reward for participating in the program.

One Park = One Point
For every anchor you identify and log into Beanstack, you earn one point. As you earn more points, you will unlock virtual “badges” through Beanstack! Each badge you earn increases your chances of winning one of the five grand prizes, as follows:

- 4-9 different anchors identified = 1 chance to win a grand prize
- 10-14 different anchors identified = 2 chances to win a grand prize
- All 15 different anchors identified = 3 chances to win a grand prize

Even though five grand prizes will be awarded, remember that all GO Lebanon! children who find and submit at least 3 different anchors will receive a reward!

Please log your anchors in Beanstack by Monday, August 22 to receive your participation reward and to be eligible for the grand prize drawing. Please note that all anchor posts will be removed after the program ends on Monday, August 15, 2022. The Wayfinder (program guide) you used to find each anchor is yours to keep and does not need to be returned.

Grand prizes – to be determined – will be awarded near the beginning of October 2022. Winners will be contacted by phone to obtain their prize.

If you have any questions about GO Lebanon! rewards and prizes, please call the Community Wellness Coordinator, WellSpan Good Samaritan Hospital at 717-270-7764.

GO Lebanon! program planners and their immediate families may receive the participation reward for finding 3 anchors. However, they are ineligible for the grand prize drawing.
Lebanon County Libraries and WellSpan Health-Good Samaritan Hospital would like to thank the following municipalities, organizations, and park systems for allowing GO and Dive Deep! anchor posts to be located at their respective sites:

AES Ironwood Foundation
Clarence Schock Park at Governor Dick
Cleona Borough • Friends of Coleman Memorial Park
Jackson Township • Lebanon City
Lebanon Valley College • Lebanon Valley Rails to Trails
North Cornwall Township • North Lebanon Township
North Londonderry Township
Pennsylvania Department of Conservation and Natural Resources (DCNR)
Pennsylvania Game Commission
South Lebanon Township

Lastly, thanks for joining us for another summer of exploring parks and trails throughout Lebanon County. We hope that you and your family found new locations to visit throughout the year and learned about different anchors. The world is a big place, so we encourage you to GO and Dive Deep!
